Fiera Milano Rho

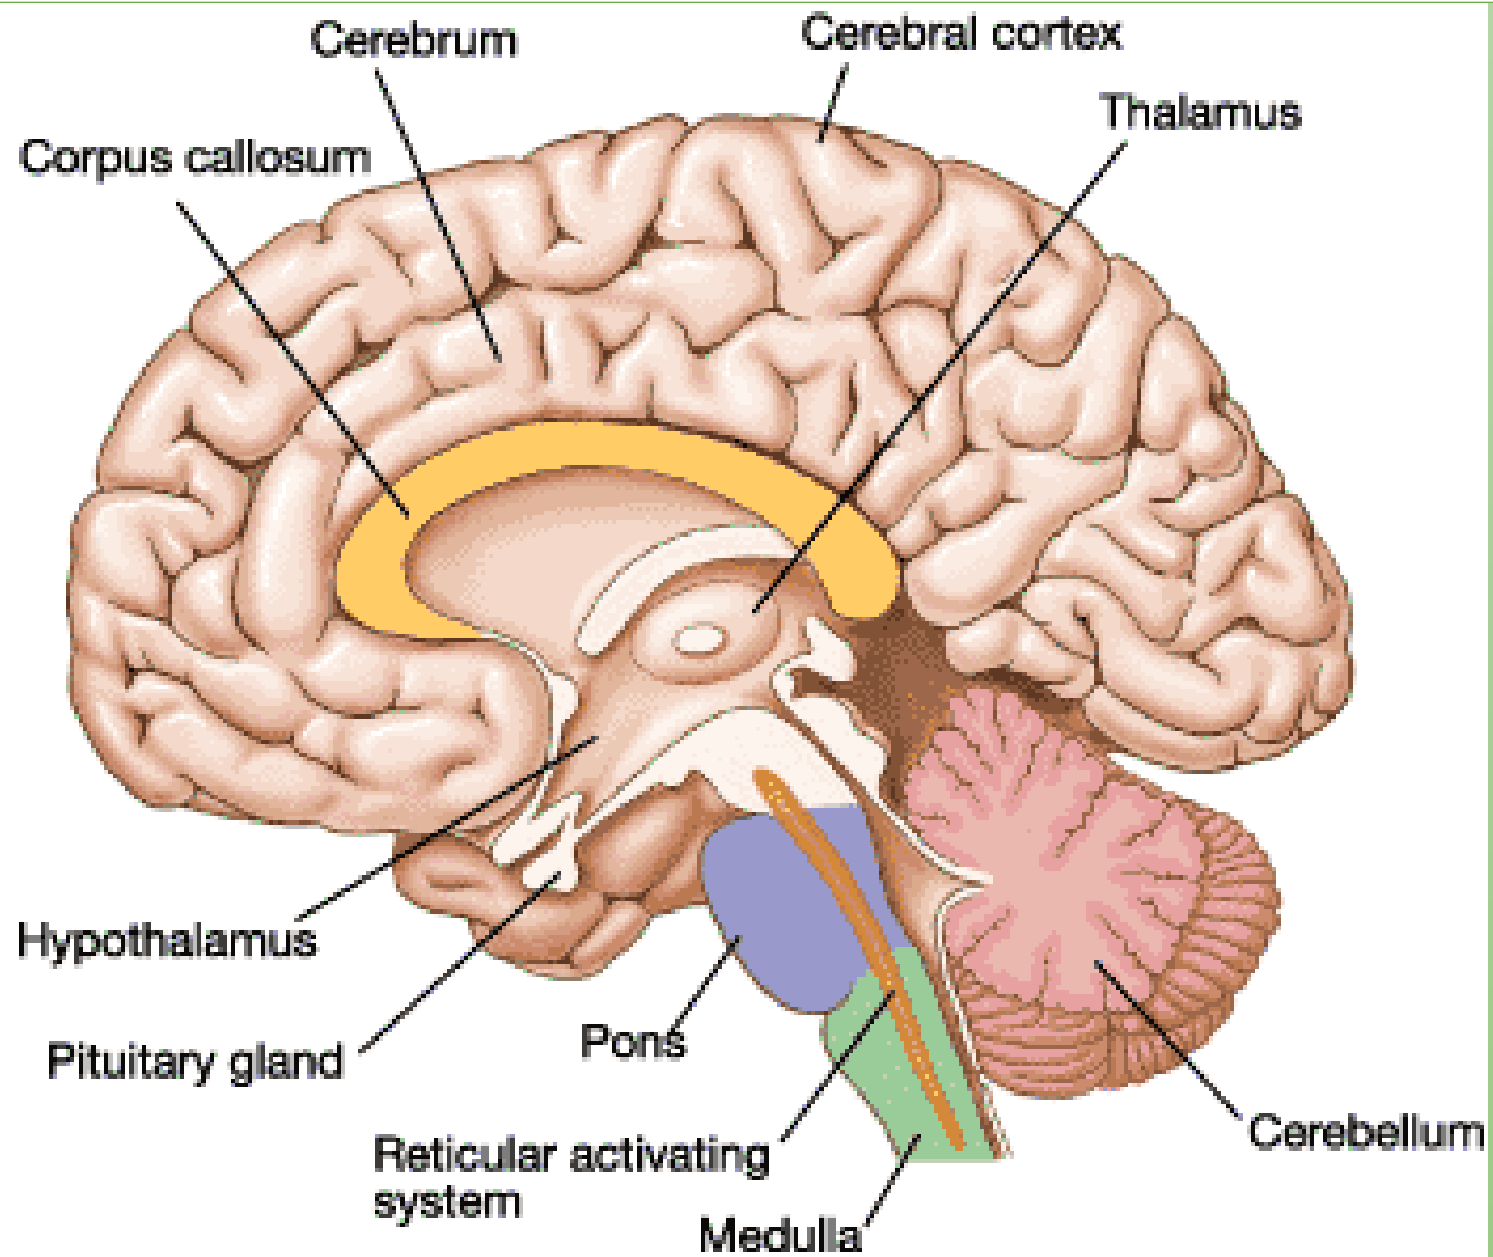

A circular collage centered on a light blue background. The collage features a variety of botanical illustrations: a red leafy plant at the top left, a green fern at the top right, a green leafy plant at the bottom right, and a green fern at the bottom left. In the center of the collage is a brain, rendered in a realistic style with pinkish-red and greenish-yellow colors, set against a light green background. The brain is surrounded by various green leaves and plants. The text "Grazie per l'attenzione" is written in a blue, italicized serif font across the middle of the collage.

Grazie per l'attenzione
